Step by Step instructions: (I inked all edges with dark brown ink)

1. Start by sticking the pattern papers from the inside outwards leaving 0.5cm spaces between them.
2. Stick the cream swirls paper 1cm from the right side of the green paper on the right page and do fake stitching on each block with the fine liner.
3. Adhere the cream swirls paper 6cm from the bottom on both sides.
4. Use your edge scraper on the edges of your cream paper, stick the vertical one on the right side 14.5cm from the right and 2.5cm from the top. The horizontal cream strips are stuck 7cm from the bottom.
5. Fold your 3X (1.5cm x 30.5cm) strips to give a ruffled effect and stick them 8cm from the bottom on both sides and the vertical one on the right page in the middle of the cream strip. Do fake stitching in the middle.
6. Stick your photo backings on top of the cream swirls paper from inside out.
7. Take your die cut tag and place it 11.5cm from the right and 7cm from the bottom on foam tape. Stick the cream die cut on top of the brown die cut on foam tape as well.
8. Use your script stamp on your bodice silhouette and adhere to your page on foam tape 7cm from the left and 6.5cm from the bottom.
9. Cut your tags from the remaining paper and stick them down on top of the photo backings (see photo) and do fake stitching around them.
10. Cut out tags – **Right Page** maroon-3.5cm x 11.5, ceam-3cm x 9cm, **Left Page** maroon-2.5cm x 12cm, cream-2cmx11cm
11. Glue your die cut flowers together and stick down your leaves and then your flowers on top(see photo)
12. Now you can do the stitching on the side of your page with the thread provided in kit and stick down your photos.(My photos are cropped left side-12.5cmx17cm and on the right page-12.5cmx12.5cm)
13. I use stickles in star dust on my cream flowers and Glitz'n Glamour Hot Pink on my maroon flowers, but you can use any glitter you prefer☺.
